Greg Senitte, Principal

“Together we create a positive, high performing, learning community for all.”

Parent Letter RTI Process Tier 3

This letter is to inform you that Alkali Creek Elementary School’s Intervention Team is increasing the level of support your child needs to be successful. Based on Progress Monitoring data, your child has yet to meet the goals set by this team. We will be making changes to your child’s current Intervention Plan.

As a result of our Intervention Team meetings, your child’s Core Curriculum may be replaced. The following intervention(s) was/were determined:

- Program _____
- Start date of frequency: _____
- Progress Monitoring will occur: _____ times per month
- Provided by: _____
- Contact information: _____

We will continue to monitor your child’s progress over the next 4-6 weeks. If necessary, we will meet again to determine an appropriate level of support and/or changes necessary to meet your child’s specific need. Please feel free to contact your child’s classroom teacher or the interventionists listed above to see data, to answer any questions you may have about the upcoming process, and/or to answer any further questions.

Thank you for supporting your child’s academic success!

Sincerely,

Mr. Greg Senitte, Principal
